Notice of Amendment of License

September 21, 1999.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

a. Application Type: Amendment to License.

b. Project No.: 1984-069.

c. Date Filed: August 26, 1999; supplemented September 16, 1999.

d. Applicant: Wisconsin River Power Company.

e. Name of Project: Castle Rock/Petenwell Hydroelectric Project.

f. Location: The Castle Rock/Petenwell hydroelectric project is on the Wisconsin River in Adams, Juneau, and Woods Counties, Wisconsin.

g. Applicant Contact: Mr. Richard L. Hilliker, Wisconsin River Power Company, P.O. Box 8050, Wisconsin Rapids, WI 54495; (715) 422-3722.

h. FERC Contact: Questions about this notice can be answered by Steve Hocking at (202) 219-2656 or e-mail address: steve.hocking@ferc.fed.us. The Commission cannot accept comments, recommendations, motions to intervene or protests sent by e-mail; these documents must be filed as described below.

i. Deadline for filing comments, recommendations, motions to intervene and protests: November 3, 1999.

All documents (original and eight copies) should be filed with: David P. Boergers, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments

or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

j. Description of the Application: Wisconsin River Power Company (Wisconsin Power) filed an application to sell 2,380 acres of project lands to the Wisconsin Department of Natural Resources (WDNR) to expand the existing Buckhorn State Park and Wildlife Area. Another 841 acres of non-project lands would also be sold. Collectively, these lands are known as the "Yellow River Bottoms," a complex system of meandered river channels and islands that provide excellent wildlife habitat and recreational opportunities. The lands are on the Castle Rock Flowage, south of Necedah in Juneau County, Wisconsin. Wisconsin Power does not propose changing the project boundary. The lands to be sold would remain project lands; Wisconsin Power would retain flowage easements.

Contained in Wisconsin Power's application is a request to delete four existing recreation sites from its proposed recreation plan in its application for a new license pending before the Commission. This project is undergoing relicensing and Wisconsin Power requests deleting the four sites because the sites are within the area to be sold, they would become part of the expanded Buckhorn State Park and Wildlife Area and they would be maintained and operated by the WDNR after the sale. The four sites to be deleted are: Buckhorn Causeway West, Yellow River Boat Launch, 19th Avenue Beach Access and Buckhorn Causeway East.

k. Locations of the application: A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room at 888 First Street NE, Room 2A, Washington, DC 20426, or by calling (202) 208-1371. The application may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm>. Call (202) 208-2222 for assistance.

Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must

be received on or before the specified comment date for the particular application.

Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title "COMMENTS," "RECOMMENDATIONS FOR TERMS AND CONDITIONS," "PROTEST," or "MOTION TO INTERVENE," as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.
